Infinite Dungeon Crawler is a game where you assume the role of a group of heroes attempting to discover the secrets of a dungeon in order to unlock its ultimate treasure. The game is set in a fantasy medieval world that strongly resembles a classic RPG setting, where the action takes place across several different dungeon environments. Infinite Dungeon Crawler is an RPG-Action game where you assume the role of a group of heroes attempting to discover the secrets of a dungeon in order to unlock its ultimate treasure. The game is set in a fantasy medieval world that strongly resembles a classic RPG setting, where the action takes place across several different dungeon environments. The heroes in this game are isolated from their society, and must continue the quest into different dungeons to collect their valuable treasures. On their journey into the dark bowels of these dungeons, players will fight monsters, solve puzzles, and climb treacherous obstacles as they fight their way towards their goal. Features: Single player campaign - A non-linear story featuring different dungeons and a variety of enemies. With an emphasis on humor and exploration, this player driven experience will challenge gamers of all skill levels. Online Multiplayer - Easily create custom games with friends or strangers, battle against them or just hang out and socialize. Online Ranking System - Track your progress and earn achievements to earn special achievements, coins, and leaderboards Infinite Dungeon Crawler supports Xbox Live on the following platforms: Xbox 360, Xbox One, Xbox 360 and Xbox One. CAUTION: YOU CAN ONLY ACCESS THE GAME ON ONE UNIQUE ACCOUNT What is included in the game: 1. Infinite Dungeon Crawler - Purchase Base Game 2. Infinite Dungeon Crawler - Free Download 5. Infinite Dungeon Crawler - Xbox One Edition 1. Infinite Dungeon Crawler - Purchase Base Game Infinite Dungeon Crawler base game download includes the following: - Game Key (No Serial code required) - User's manual - Full Steam support from Level 4 * Please note that only one game code can be redeemed per order, and Microsoft cannot guarantee that we will be able to supply additional game codes as promised. 2.
