The result is incredibly detailed but (likely) still very casual -- if you're so inclined, you can browse through the full gallery after the break. Using a Pentax lens, Dan borrowed a piece of furniture he found in his old apartment to capture this image and extended the lens manually. He goes into a bit of detail about the process in a video after the jump. In the video, Leo

The setup of the three elements is also required at the beginning of the adventure, and it changes at the locations where the element cross between. What's new in Elden Ring:

Hibiscus triserrata Hibiscus triserrata is a species of flowering plant in the mallow family known by the common names giant rose-mallow and rosemallow butterfly mallow. It is native to western North America from Canada to Mexico. It is an erect annual herb growing in moist and often shaded habitat, often on the edges of wetlands. It produces a small, mostly winged flowering stem, each plant topped with a densely hairy inflorescence. The flowers are white or pale pink, each part under a membranous hood. The hood is as long or slightly longer than the sepals. According to tradition, she was the daughter of Aengus, the Ulster king, and the granddaughter of the goddess Maia and the god Brigid. She was the first in line to rule after the first Crónu huna (protector), given to the first of the druids. In the Annals of Ulster it is said that when Rí na Rír was ruling the territory around the river Liffey, he desired to marry the daughter of Maeldowr, who was the greatest of the druids. To this end, he invited her to a feast, but unfortunately, when he prepared a bed for her she lay down on a single calf. She refused to get up until she had given him the antlered maiden for a wife. Because of this insult, the goddess appeared in front of him and cursed him to be headless until Rína Rí appears in the shape of a white cow and has the head of this woman. There is an allusion to the tradition in the word'mellontor', meaning 'headless one'. After her death she became a water spirit. As such she became the great spirit of the Liffey. It was said that if anyone falls into the river there, they will never rise again because they will be drowned.
