Shortly after the Core's destruction, all of the Skylanders were banished from Skylands to Earth, where they were turned into toys as a result of Earth bearing no magic, and waited for a new Portal Master to find them. Although Master Eon survived the destruction of the Core of Light, he became a spirit and was unable to fight Kaos and The Darkness, leaving the duty of leading the Skylanders to the new, young Portal Master. After Master Eon recruited the new Portal Master, the Skylanders made their suprising return to Skylands, arriving on the Shattered Island to save its Mabu inhabitants from a freak tornado that was ravaging their village. The heroes then began their quest to save Skylands from Kaos' tyranny with the new Portal Master guiding them. The Skylanders must then go through three Trials of the Elements to collect the Skystones. All of the Skystones are needed to restore the Core of Power, which then powers the Portal in which the Skylanders can return to Skylands. When the Skylanders return to Skylands, they encounter Kaos, where they must defeat The Darkness to stop Kaos from erasing all magic. The Skylanders learn that the Guide is needed to return to the Core of Power, and must then guide the Skylanders to the Portal once more to travel to the Core of Light, where they can recharge the Portal. Once the Skylanders have their magic restored, they journey back to Skylands, just in time to stop Kaos from destroying the Portal, and they begin their quest to locate the new Guide. After several adventures, the Skylanders return to the Portal to restore the Core of Light, which then restores Skylands' magic. The Skylanders then travel to The Source of All Magic, where they confront the villainess Sephora. In the finale, the Skylanders begin their quest to confront Kaos once more, who has begun erasing magic from Earth and has caused the portal to disappear.
